WCS parents and guardians,

We are very excited to host Parent Orientation Night on Thursday, September 12th. We hope that the information below will help you in preparing for your visit.

Our goal as teachers for this special evening is to answer the following questions:

Who are we? (Where'd we come from? What brought us here? What do we hold dear?)

Why are we educators? Why do we love our particular subject, or this particular age group?:

What are the brightest, richest spots in our curriculum? What parts are they most excited to teach?

How can our partnership promote success in our students?

You may be asking yourself, How will this evening go? What does a "session" entail? Which teachers will I see? Where do I go? etc....

Each teacher will be presenting their generally identical information four times over the course of four sessions. You have the opportunity to choose which teachers to visit during each of the four sessions. While it may be hard, you'll have to decide on just four teachers to visit tonight.

Sample session schedule

My Student, grade 9

Possible reason(s) for visiting:

Advisory	S. Derfeuil	Start here. This is your child's "home" at school.
Session 1	Ms. Clarke	She's brand new to Woods, and my child's English teacher.
Session 2	Mrs. Derfeuil	Learning a new language is particularly hard for My Student and I'd like to know more about how to support her in Mrs. Derfeuil's class.
Session 3	Ms. Sikes	Science is My Student's favorite subject and I'd like to know more about how her teacher will ...
Session 4	Mr. Dudhat	How can I support the teacher in igniting a passion for math within my child?

*See the back of this page for teacher names, subject areas, room numbers and a place for you to plan your visit.
