WCS parents and guardians,

We are very excited to host Parent Orientation Night on Thursday, September 12th. We hope that the information below will help you in preparing for your visit.

Our goal as teachers for this special evening is to answer the following questions:

Who are we? (Where'd we come from? What brought us here? What do we hold dear?)

Why are we educators? Why do we love our particular subject, or this particular age group?:

What are the brightest, richest spots in our curriculum? What parts are they most excited to teach?

How can our partnership promote success in our students?

You may be asking yourself, How will this evening go? What does a "session" entail? Which teachers will I see? Where do I go? etc....

Each teacher will be presenting their generally identical information four times over the course of four sessions. You have the opportunity to choose which teachers to visit during each of the four sessions.

As you may know, your middle school student has 6-8 teachers and it will be impossible (in this one evening) to sit in on each of their sessions.
